 Patents Showing: View as: Patents 21 - 30 on (human challenge (turing test)).

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Method for transplanting cells into the brain and therapeutic uses therefor

US Pat. 6060048 - Filed Jun 2, 1995 - New York University

This number extrapolates to 50000 to 75000 beads in the human, ... The apomorphine challenge using the present dose represents an extreme test. ...

Neural engineering utility with adaptive algorithms

US Pat. 5748846 - Filed Aug 18, 1995 - The United States of America as represented by the Secretary of the Air Force

The human/machine interface provided by NEU- integration of other sensors and provide information WAA is WINDOWS in order to optimize the user's test ...

Apparatus and method for maintaining and growth biological cells

US Pat. 6238908 - Filed Jun 24, 1997 - Aastrom Biosciences, Inc.

Achieving "good manufacturing practices" in In nature, tissue function and viability depends upon the such an environment is a daunting challenge, ...

Portable cell growth cassette for use in maintaining and growing biological ...

US Pat. 6228935 - Filed Jun 24, 1997 - Aastrom Bioscience, Inc.

Achieving "good manufacturing practices" in the intended purpose and automation that allows the process Such an environment is a daunting challenge, ...

Method for producing a virus from an african green monkey kidney cell line

US Pat. 6025182 - Filed Mar 26, 1998 - Dynacorp, National Institutes of Health

Microbial Sterility Test Results on the AGMK Cell Suspension - Passage 17A, ... each series was included as an uninoculated control for the challenge virus. ...

Comparative phenotype analysis of two or more microorganisms using a ...

US Pat. 6048021 - Filed Jun 16, 1998 - Biolog, Inc.

The multiple test medium of the present invention permits presumptive and rapid ... 50 "The next important challenge is to determine, in an efficient and ...

Substituted aureone derivatives

US Pat. 6307070 - Filed Jul 24, 1998 - Phytara, Inc.

... life of mice infected with a lethal challenge of either fluconazole-sensitive ... or a percent inhibition relative to control (absence of test compound) ...

Allergen/inflammatory testing and diagnosis

US Pat. 6946260 - Filed Aug 12, 1998 - Euro/DPC Limited

Investigators have successfully transfected the human 40 ... 3. determining the release of mast cell or basophil mediators in response to said challenge. ...

Patient specific circulation model

US Pat. 7191110 - Filed Sep 20, 1999 - University of Illinois, Board of Trustees

Since this test is not without risk, it would be beneficial for the patient to ... Case 3 because Case 2 failed the BOT 50 only under hypotensive challenge. ...

Color printer color control system with automatic spectrophotometer ...
